

AEG

AEG SOLAR MODULES ACCREDITED IN ISRAEL

Successful accreditation of AEG polycrystalline 72 cells solar modules

AEG solar 72 cell modules type AS-P728-330 met the requirements of and were successfully accredited at The Standards Institution of Israel in Tel Aviv. This procedure was an important and necessary step towards the commercialization of the AEG modules in Israel and will pave the way for future AEG distribution in the country.

ABOUT AEG

Part of the AEG family with its hundred-year tradition as a leading German brand in the field of electrical appliances owned today by Electrolux Group, AEG quality photovoltaic products stand out for their reliability, aesthetics and enhanced usability. Each AEG product is developed to be always an idea ahead in the world of smart solar to grant users full control over their yields and peace of mind. AEG solar products are distributed worldwide under license by Solar Solutions GmbH, Germany and brought to the international markets by a solid network of selected local partners.
