

## A GROWING NETWORK: AEG SOLAR PRODUCTS AVAILABLE TODAY IN OVER 30 COUNTRIES WORLDWIDE

Frankfurt am Main, June 20, 2018 –Solar Solutions, official supplier of AEG photovoltaic products, is proud to announce that the AEG distribution network has further expanded over the past half year. Customers worldwide can now benefit from the quality and reliability of AEG solar modules, inverters and monitoring solutions in over 30 countries.

“AEG distribution network has enriched itself with new entries in our European portfolio of distributors, but also with valuable cooperation partners in the Middle-East, Africa, and South America. From France to Italy, from Jordan to Hungary, from Nigeria to Benelux, from India to Canada, today we are proud to see this network grow and contribute to bring clean intelligent energy worldwide with AEG’s quality photovoltaic products”, so states Bertrand Chevalley, Sales Director of Solar Solutions.

### ABOUT AEG

Part of the AEG family with its hundred-year tradition as a leading German brand in the field of electrical appliances owned today by Electrolux Group, AEG quality photovoltaic products stand out for their reliability, aesthetics and enhanced usability. Each AEG product is developed to be always an idea ahead in the world of smart solar to grant users full control over their yields and peace of mind. AEG solar products are distributed worldwide under license by Solar Solutions GmbH, Germany and brought to the international markets by a solid network of selected local partners.
